K. O. MRADIVE,
Minister of Commerce and Industry,
Federation of Nigeria

(Bill 526)
A BILL

FOR

AN ORDINANCE TO MAKE CERTAIN PROVISION IN RESPECT OF THE REMUNERATION OF PERSONS WHO ARE MEMBERS OF MORE THAN ONE STATUTORY CORPORATION, AND FOR SUCH PURPOSE TO EFFECT AMENDMENTS TO VARIOUS ORDINANCES ESTABLISHING SUCH CORPORATIONS.

BE IT ENACTED by the Legislature of the Federation of Nigeria as follows—

1. This Ordinance may be cited as the Corporate Bodies (Members' Emoluments) Ordinance, 1958.

2. (i) The ordinances specified in the first column of the Schedule are amended in the manner specified in the second column of such Schedule.

   (ii) The amendments effected hereby shall be deemed to have been made with effect from the 30th August, 1957.
3. In accordance with subsection (3) of section 6 of the Revised Edition (Laws of the Federation and Lagos) and subject to the provisions of that section, the amendments effected hereby shall be taken into account in the preparation of the revised edition of the laws.

SCHEDULE

(Section 2)

1. Lagos Town Planning Ordinance (Chapter 103), as amended by the Lagos Town Planning (Amendment) Ordinance, 1957 (No. 7 of 1957).

In subsection (3) of section 4 add at the end thereof, the following—"otherwise than as a member of the Board or as a member of a body corporate incorporated directly by a law enacted by any legislature in Nigeria”.

(a) In section 2 delete the definition of “public office”.

(b) In section 7, delete “to any person who holds a public office” and substitute—“to any person who holds an office of profit under the Crown otherwise than as a member of the Corporation or as a member of a body corporate incorporated, directly, by any legislature in Nigeria”.

Objects and Reasons

On the termination of present appointments, no Member of the House of Representative can draw emoluments as a member of a statutory Corporation, but in respect of persons other than Members of the House it would not be appropriate that the receipt of emoluments as a member of statutory corporation should prevent the payment of emoluments in respect of time and energy expended as a member of another statutory body. The terms of certain present Ordinances do create this obstacle, and the object of this Ordinance is to substitute more appropriate provision. It would be convenient that these amendments should be taken into account in the revised edition of the laws now in preparation, and clause 3 so provides.

S. L. AKINTOLA,
Minister of Communications and Aviation
A BILL

FOR

AN ORDINANCE FURTHER TO AMEND THE SHIPPING AND NAVIGATION ORDINANCE (CHAPTER 206).

[By notice, see section 1]

BE IT ENACTED by the Legislature of the Federation of Nigeria as follows—

1. This Ordinance may be cited as the Shipping and Navigation (Amendment) (Deck Passengers) Ordinance, 1958, and shall come into operation upon a date to be notified in the Gazette after the pleasure of Her Majesty has been signified.

2. The Shipping and Navigation Ordinance is amended by the insertion after Part IV of the following new Part—
"PART IV—CARRIAGE OF DECK PASSENGERS

(b) who is carried in a steam vessel to a port in Nigeria from a port of embarkation which is within the West African area or from a port in Nigeria to a port of disembarkation which is within such area;

"deck passenger certificate" means a deck passenger certificate issued in accordance with this Part, or deemed so to be issued in accordance with the provisions of section 42c;

"Safety Convention certificate" bears the meaning attributed thereto by subsection (2) of section 22;

"West African area" means any portion of the Coast of West Africa between Cape Verde in the north-west and the mouth of the River Congo in the south-east.

42b. Nothing in this Part contained shall apply to any vessel of war in the service of Her Majesty or the Government of any foreign state or of the Government of any independent Commonwealth country or British possession.

42c. A steam vessel in respect of which there is in force a deck passenger certificate shall be exempt in the territorial waters of Nigeria from the requirements of section 209 of the Merchant Shipping Act, 1894, relating to the carriage of a medical practitioner and from any requirements of the rules for life-saving appliances made under section 427 of that Act, or of any rules or regulations made under the Merchant Shipping (Safety Convention) Act, 1949, in so far as such requirements apply to or are necessitated by the carriage of deck passengers.

42d. 42e. The owner, agent or master of any steam vessel carrying deck passengers to or from any port in Nigeria without a deck passenger certificate, or contrary to the terms of or without compliance with the requirements of such certificate, shall be liable to a fine of two hundred pounds, and if carrying a number of deck passengers in excess of the number permitted by any deck passenger certificate in force shall in addition be liable to a fine of ten pounds in respect of each such deck passenger in excess.
Vessel without certificate deemed an unsafe ship.

42. A steam vessel carrying deck passengers to or from any port in Nigeria without a deck passenger certificate, or contrary to the terms of or without compliance with the requirements of such certificate, shall be deemed to be an unsafe ship for the purpose of Part III of this Ordinance, and shall be liable to detention accordingly by reason of defective equipment.

Certificates issued elsewhere in West African area, and U.K. and foreign passenger certificates.

42g. (1) The Governor-General may by notice in the Gazette declare that the provisions of this Part shall take effect in relation to a certificate issued by any authority in the West African area specified in such notice and under the provisions of a law to be so specified and thereupon any such certificate shall be deemed to be a deck passenger certificate issued in accordance with the provisions of this Part.

(2) A steam vessel carrying fourth-class passengers in accordance with all the requirements of a United Kingdom passenger certificate shall be deemed to be in possession of a deck passenger certificate issued in accordance with the provisions of this Part.

(3) For passenger ships in respect of which a Safety Convention certificate exists which has been issued by a country which has an agreement with the United Kingdom for the reciprocal recognition of certificates showing the number of passengers the ship is fit to carry, such certificates as to number shall be accepted in respect of the number of passengers specified therein.

(4) Notwithstanding the provisions of subsections (2) and (3) a deck passenger certificate shall be necessary in respect of any deck passengers who by reason of being employed or engaged in any capacity on board the ship on the business of the ship, or for any other reason, would not be within the definition of passenger for the purposes of a United Kingdom passenger certificate.

Contents of certificate. 42h. A deck passenger certificate—

(a) shall state the permissible number of—

(i) crew, other than crew carried as deck passengers;
(ii) passengers having cabin or dormitory accommodation;
(iii) deck passengers;

(b) shall detail what life saving appliances are prescribed;

(c) shall detail what deck passenger space is prescribed;

(d) shall certify that such vessel has the facilities and is properly equipped for the carriage of deck passengers to the permissible number in accordance with regulations made under section 42g.

Equipment and specifications. 42x. The safety equipment required to be carried by ships carrying deck passengers shall comply with the specifications for such equipment provided for by regulations under section 26 or, in the case of equipment not provided for thereunder, then in accordance with rules applicable to the issue of Safety Convention certificates.
42. Sections 23, 24, 27, 29A, 30 to 33 and 38 of Part IV (relating to the survey of a steam vessel, issue of a certificate thereof, and matters ancillary thereto) shall apply in respect of a survey for the issue of a deck passenger certificate, and to the issue of such certificate and matters ancillary thereto.

Regulations. 42k. The Governor-General may make regulations, which shall be in addition to any other relevant requirements applying to the carriage of deck passengers, to prescribe and provide for the following matters—

(a) the scale of and marking of approved life-boats, surf-boats, buoyancy apparatus, life-buoys and life-jackets;
(b) the specifications of construction, capacity and freeboard of surfboats;
(c) the means to be provided for the utilisation of life-saving apparatus;
(d) efficient lighting of such apparatus and emergency lighting of any adjacent area of deck;
(e) the scale of and types of firefighting appliances to be carried;
(f) sanitary requirements, ventilation, lighting access, shelter, screens, cooking and toilet facilities for deck passengers;
(g) what areas shall be deemed to be deck passenger space and the scale of such space which shall be available for passengers collectively and individually;
(h) the conduct of surveys, rights of surveyors and responsibilities of the master to surveyors;
(i) the fees to be paid in respect of surveys and issue of deck passenger certificate;
(j) the form and method of display of deck passenger certificates."

Objects and Reasons

The object of the amendment is to provide a method of regulating the carriage of deck passengers on cargo and passenger vessels between West African ports. Such carriage provides an inexpensive method and often the only method of communication between coastal towns and in addition to such passengers "kroo-boys" are frequently carried who assist in loading and unloading or other work on the ship without the need for recruiting shore labour.

2. It is possible to dispense with some of the facilities that are by law required for the carriage of passengers in more exposed northern waters, but at the same time the necessity exists for some means of stipulating a scale of and type of life-saving appliances, and for ensuring the provision of shelter and similar facilities. These are the matters with which the Ordinance deals, and while it can only deal with circumstances in Nigerian waters, it is hoped that complementary legislation will be enacted in other West African territories.

3. The Ordinance deals with coasting trade in accordance with a provision in the Merchant Shipping Act, 1894, and therefore in accordance with that Act Clause 1 suspends the operation of the Ordinance until the consent of Her Majesty is notified. Clause 2 introduces a new Part IVA to the Shipping and Navigation Ordinance, to carry out the purposes of the Bill.

4. The new section 42A contains definitions and has the effect of applying the new Part to passengers or crew for whom cabin or dormitory accommodation is not provided and who are carried only between Cape Verde and the mouth of the Congo or on part only of that carry.

Section 42B exempts vessels of war.
Vessels which have a certificate under the new Part are exempted by section 42C from provisions of the Merchant Shipping Acts and regulations thereunder in respect of deck passengers, as the certificate will contain the necessary requirements.

Sections 42D, 42E and 42F provide for penalties, for production of the certificate and for detention of a ship without a certificate.

Section 42G is a provision whereby a certificate issued in another West African territory may be accepted in lieu of a Nigerian certificate, and section 42H specifies the contents of a certificate. Section 42G however also provides that in respect of passenger ships the certificates known as number certificates and issued by the United Kingdom and reciprocally by some other Safety Convention countries are acceptable to the extent of the permitted number. This is not a provision which applies in respect of "kroo-boys" but only in respect of true passengers.

Section 42I provides for the specifications with which equipment must comply, section 42J applies some of the provisions of Part IV which deals with survey of and certificates for all steam vessels, and section 42K is a power to make regulations to deal with the details of deck passenger space, life-saving appliances and facilities, and similar necessary matters.

(31st July, 1958)

BE IT ENACTED by the Legislature of the Federation of Nigeria as follows—

"Consolidated Revenue Fund" means the Consolidated Revenue Fund of the Federation established by section 154A of the Constitution Order;

"Constitution Order" means the Nigeria (Constitution) Order in Council, 1954, as the same may have been amended from time to time, and a reference to any provision thereof shall be construed as a reference to such provision as the same may be re-enacted, if it has been revoked and re-enacted without substantial modification;

"Minister" means the Minister charged with responsibility for matters relating to finance,

"public moneys" include—

(a) the public revenues of the Federation, and,

"statutory expenditure" has the meaning assigned thereto by subsection (4) of section 154A of the Constitution Order, and having regard to subsection (2) of this section accordingly means—

(a) the expenditure charged on the Consolidated Revenue Fund by any provision of that Order, and,

(b) such other expenditure as shall from time to time be charged by law on the Consolidated Revenue Fund or the general revenue and assets of the Federation or on the other public funds of the Federation, and shall include expenditure which constitutes such a charge by virtue of the provisions of this Ordinance;

"supplementary appropriation Ordinance" means any Ordinance the principal purpose of which is the appropriation of moneys in supplementa-
tion of the appropriation already made by an appropriation Ordinance.

(2) The expenditure of moneys appropriated or granted by an appropriation Ordinance or a supplementary appropriation Ordinance shall not by virtue only of such appropriation Ordinance or supplementary appropriation Ordinance be deemed to amount to a charge on the fund out of which such expenditure is authorised to take place, and such expenditure shall accordingly not be comprised within the definition of statutory expenditure hereinbefore contained,

(3) A reference to the Minister in this Ordinance in relation to the signing or issue of a warrant shall imply a similar authority enabling the Governor-General to sign or issue such warrant if he shall think fit.

PART I—GENERAL SUPERVISION AND CONTROL

3. The Minister shall so supervise the expenditure and finances of the Federation as to ensure that a full account is made to the Legislature and its financial control is maintained and for such purposes shall, subject to the provisions of the Constitution Order and of this Ordinance, have the management of the Consolidated Revenue Fund and the supervision, control and direction of all matters relating to the financial affairs of the Federation which are not by law assigned to any other Minister.
4. (1) Every person concerned in or responsible for the collection, receipt, custody, issue or payment of public moneys, stores, stamps, investments, securities, or negotiable instruments, whether the property of Government or on deposit with or entrusted to Government or any public officer in his official capacity either alone or jointly with any public officer or any other person, shall obey all instructions that may from time to time be issued by the Minister or by direction of the Minister in respect of the custody and handling of the same and accounting therefor.

(2) In respect of the issue of moneys other than statutory expenditure, no authority shall be given under subsection (1) in excess of the sum appropriated for the purpose concerned.

(3) Notwithstanding the issue of a warrant, the Governor-General or the Minister may limit or suspend expenditure (not being statutory expenditure) with or without cancellation of the warrant if in his opinion financial exigencies or the public interest require.

7. The repayment of any moneys received in error by the Consolidated Revenue Fund is hereby charged on the Fund, and the Minister may by warrant authorise an issue to effect such repayment.

8. Where a loss has occurred of any moneys forming part of the Consolidated Revenue Fund, or it is necessary to make a further issue therefrom in respect of moneys already issued therefrom which have been misappropriated or lost, or it is necessary to make an issue therefrom to effect the replacement of any Government property which has been misappropriated or lost, then subject to any express provision of this or any other Ordinance an adjustment of the Fund or an issue from the Fund for such purpose shall only be effected by the issue of a warrant by the Minister under the authority of an appropriation or supplementary appropriation Ordinance.
PART III—INVESTMENTS

17. (1) If the appropriation Ordinance has not come into operation at the commencement of any financial year, the Minister may authorise by warrant the issue from the Consolidated Revenue Fund of such moneys as are necessary for carrying on the services of the Government at a level not exceeding the level of those services prevailing in the previous financial year for a period of four months or until the appropriation Ordinance comes into operation which ever is shorter.

23. (1) Disbursement from any funds specified in the First Schedule (other than the Development Fund and the Contingencies Fund) shall be made in accordance with rules to be made by the Governor-General and approved by Resolution of the House of Representatives.

5. (1) When in any financial year the capital estimates or supplementary capital estimates for that year show a figure for the estimated total cost of any item of any sub-head over any period which is in excess of the total sum appropriated for that item for the current year, the Minister of Finance may by Warrant authorise the expenditure of any sum which when added to the expenditure incurred on the same item in previous years and to the expenditure already authorised for the same item for the current year does not cause to be exceeded the latest estimated expenditure for that item included in the capital estimates or supplementary capital estimates approved by the House of Representatives for that year.

(2) When in any financial year the provisions included for any item in the capital estimates or supplementary capital estimates of the immediately preceding year was not fully expended, the Minister may by Warrant authorise the expenditure of the unspent balance of the sum or sums authorised for that item in the immediately preceding financial year, provided that the amount so authorised shall not when added to the expenditure incurred in previous years and to the provision already made in the current year exceed...

The amount for which any Warrant is issued shall be withdrawn from the Contingencies Fund and shall be paid into the Consolidated Revenue Fund to meet the expenditure specified on the Warrant and the monies remaining available in the Fund shall be reduced accordingly. Any amounts withdrawn and remaining unspent at the end of the year shall accrue to the Consolidated Revenue Fund.

3. Each Warrant authorising the issue of a sum from the Fund shall specify under which Head or Heads of the expenditure estimates the expenditure of the sum issued shall be recorded and such expenditure shall be accounted for in the same manner as if it had been authorised by a supplementary appropriation Ordinance.

4. (1) All withdrawals from the Fund shall be reported to the House of Representatives at its next ensuing meeting and the House shall be asked to appropriate from the Consolidated Revenue Fund to the Contingencies Fund a sum equal to the total of the sums withdrawn and not already made good by previous appropriations from the Consolidated Revenue Fund so that the Contingencies Fund shall be restored to the amount appropriated under section 15 of the Ordinance;

(2) Appropriations to the Contingencies Fund under this rule shall be effected by inclusion in a supplementary appropriation Ordinance and the sums included in accordance with this rule shall be set out separately from any sums it is sought to appropriate under section 13 or 14 of the Ordinance.

5. No moneys shall accrue to the Fund other than moneys appropriated by an Ordinance and any interest or other accruals which might otherwise be received by the Fund shall accrue to the Consolidated Revenue Fund. Any part of the Fund which may be invested shall form part of Investments General referred to in section 10 of the Ordinance.

Objects and Reasons

The object of this Ordinance is to complete the machinery that will implement the decision taken at the Constitutional Conference held in May and June 1957, when it was agreed that Colonial Regulations were not in the present stage of constitutional development an appropriate authority for the regulation of Nigeria's finances, and that certain basic financial principles should be embodied in the Constitution. As a consequence of that decision, so far as the Government of the Federation is concerned, sections 154A and 154N of the Constitution Order now provide for the establishment of a Consolidated Revenue Fund which will contain all revenues and other moneys received by the Federation (other than those legally allocated for specific purposes). Money may only be withdrawn upon the due authority of a Warrant and no Warrant may be issued (other than in respect of moneys legally allocated for specific purposes) except for the purpose of meeting expenditure authorised by Ordinance of the Federal Legislature. Further constitutional provisions require the submission of Estimates to the House each year for the next following financial year, and the enactment of an appropriation Ordinance which will contain those Estimates under proper Heads. Any excess expenditure will be required to be provided for by a supplementary appropriation Ordinance. The provisions are so framed that the control of the legislature is considerably strengthened, and after the commencement of the appropriation Ordinance it will probably henceforth be necessary to obtain legislative approval by a supplementary appropriation Ordinance at each meeting of the House.
Part I of the Bill provides for general supervision and control by the Minister of Finance and for the issue of instructions by him for the maintenance of public accounts and for compliance with his requirements. A right of inspection and to call for information is provided in this Part in order to support these provisions. Part II provides for the Consolidated Revenue Fund that is required by the Constitution and makes provision for losses, which must come under the scrutiny of the legislature. Clauses 9 to 12 in Part III control investments. They strictly regulate what type of investments may be utilised as a routine measure, legislative approval being necessary for investments of any other nature. There are detailed provisions for the maintenance of a record entitled Investments General, and for the disposal of income thereof and prescribing a method of bringing into account fluctuations in the value of such investments. Clauses 13 to 17 provide for annual and supplementary appropriation in accordance with the Constitution and for the establishment of a Contingencies Fund. This latter is new. Its purpose is not to meet ordinary excess expenditure which must be the subject of a supplementary appropriation Ordinance, but it must be operated strictly in accordance with the rules contained in the Third Schedule, and can only be used for expenditure of a special character or expenditure which cannot without serious injury to the public interest be postponed until supplementary appropriation is made.

Part V contains provisions to regulate by law public funds of the Federation which are established for particular purposes and therefore do not form part of the Consolidated Revenue Fund but which will now nevertheless need statutory control by virtue of the Constitutional provisions. Rules for their operation are to be made by the House of Representatives, except so far as the Development Fund and the Contingencies Fund are concerned in respect of which rules are contained in the Second and Third Schedules of the Ordinance. By Clause 24 in Part VI the Accountant-General is required to submit for audit accounts of the Consolidated Revenue Fund and of all the scheduled public funds to which reference has been made. Clause 25 provides for the payment into the Consolidated Revenue Fund of the general revenue balance of the Federation as it existed on the 1st April, 1958, after providing for the moneys contributed to the Development Fund and necessary for certain other Treasury funds.

The First Schedule lists the public funds of the Federation which are subjected to control by this Ordinance. It includes all funds which are not fully regulated already by a specific Ordinance (such as, for instance, the Post Office Savings Bank Fund). Part I specifies funds of that nature which are deemed to have been established with effect from the 1st April and prescribes the purposes for which they may be used (although subject in every case to any provisions of law which are specifically applicable by other Ordinance or Trust Deed to any such fund). Part II provides for the newly established Contingencies Fund, and under Clause 18(2) this Part may be added to by the Minister in respect of any other fund established by law in the future. Part III specifies funds which are required for the routine operations of the Accountant-General.

The Ordinance is designed to come into operation immediately upon enactment and indeed Clause 1 provides that it shall be deemed to have commenced on the 31st July, 1958, in order that any financial proceedings at the forthcoming meeting of the House shall comply with the new requirements.

AN ORDINANCE TO AMEND THE WEIGHTS AND MEASURES ORDINANCE (CHAPTER 228 OF THE REVISED EDITION OF THE LAWS, 1948).

[By notice, see section 1]

BE IT ENACTED by the Legislature of the Federation of Nigeria as follows—

1. This Ordinance may be cited as the Weights and Measures (Amendment) Ordinance, 1958, and shall come into operation upon a date to be appointed by the Governor-General by notification in the Gazette.

2. Section 14 of the Weights and Measures Ordinance is repealed and the following section is substituted therefor—

"Inspector of Weights and Measures.

14. The holder for the time being of such office on the staff of the Minister charged with responsibility for matters relating to commerce as that Minister may designate for the purposes of this section shall be the Inspector of Weights and Measures for Nigeria."

Objects and Reasons

By virtue of section 14 of the Weights and Measures Ordinance, Chapter 228, the Inspector-General of Police is the Inspector of Weights and Measures. This Bill repeals and replaces section 14 so as to make the holder of an office to be designated by the Minister responsible for matters relating to commerce the Inspector of Weights and Measures in place of the Inspector-General of Police.
