In exercise of the powers conferred by section 62 of the Education (Lagos) Ordinance, 1957, the Governor-General, after consultation with the Council of Ministers, has made the following regulations:

PART I—GENERAL

1. These regulations may be cited as the Education (Grant-in-Aid) Regulations, 1958, and shall come into operation on the 1st of January, 1959.

2. In these regulations—

'profits' shall not include transfers to a reserve fund where these are approved by the Authority, but shall include payments to proprietors or any other person unless such payments are so approved;

'year of assessment' means the calendar year in respect of which grant is computed.

3. (1) The Minister may make grants-in-aid of any school or in furtherance of any educational purpose to an approved voluntary agency (as defined in regulation 4) or to the Authority in the manner prescribed by these regulations.

(2) Failure to apply such grant-in-aid or part thereof to the purposes for which it is made shall be an offence and shall render the person responsible liable on conviction to imprisonment for six months or to a fine of fifty pounds or to both such imprisonment and fine.

4. (1) The Minister, on the advice of the Education Committee, may grant the status of approved voluntary agency to any voluntary agency which—

(a) has a board of proprietors, by whatever name called, which is the proprietor of a school and which supplies proof of adequate resources and common policy;

(b) is registered under the Land (Perpetual Succession) Ordinance, or is a body corporate having perpetual succession and the power to hold land,

(c) owns one or more schools which in the opinion of an inspector authorised under section 42 are prima facie deserving of grant-in-aid,

(d) maintains an adequate system of management and supervision of its schools to the satisfaction of the Authority, and

(e) has an adequate supply of teachers of suitable qualifications and of teachers in training for its present and future needs.

(2) Any Voluntary Agency which was recognised immediately before the commencement of these regulations as an approved voluntary agency shall be deemed to have the status of approved voluntary agency for the purpose of these regulations.
5. (1) The Minister, on the advice of the Education Committee, may order that an approved voluntary agency be no longer accorded that status if—

(a) it ceases to follow an education policy acceptable to the Minister, or

(b) the schools conducted by it, or any of them, in the opinion of an inspector authorised under section 42 are inefficient, or

(c) it fails to maintain a satisfactory system of management of its schools, or

(d) any grant-in-aid or part thereof is not used for the purpose for which it was made, or

(e) there are breaches of the Ordinance or regulations made thereunder in respect of any of the schools which it conducts, or

(f) it fails to maintain a satisfactory supply of trained teachers, or

(g) the schools conducted by it are at any time profit-making.

(2) The Minister shall before making such an order furnish the proprietor with a statement in writing, of the reasons for the proposed withdrawal of the status of approved voluntary agency, and such proprietor shall have an opportunity of making representations to the Minister whose decision thereafter shall be final.

6. Subject to the provision of these regulations, a grant-in-aid may be made in respect of a school, only if—

(a) in the opinion of an inspector duly authorised under section 42—

(i) the school is educationally efficient,

(ii) the provisions of the Ordinance and any regulations made thereunder are duly complied with,

(iii) the school follows a course of instruction suitable for the type of school, and

(b) in the opinion of the Authority—

(i) the proprietor has such title and interest in the school premises as the Minister may require,

(ii) the school makes no profit and keeps satisfactory accounts of expenditure and income,

(iii) the school is efficiently managed,

(iv) the number of pupils in each class is adequate having regard to existing educational facilities,

(v) all teachers are paid at that scale of salary specified in Table I which is appropriate to their qualifications and are at the proper incremental point on that scale having regard to their length and conditions of service, and the proprietor complies with such other conditions of service for teachers as may be approved by the Minister, and

(vi) the school is in the interests of the community to be served, having regard to the number and types of existing schools.

Table I.

7. (1) The Authority, acting on the advice of the Education Committee, may withhold or refuse a grant-in-aid in respect of any school which does not comply with the conditions of regulation 6.

(2) The proprietor of any school may appeal to the Minister if he considers that a grant made to his school is wrongly assessed or has been refused.

(3) The Minister shall consider such appeal and may uphold or reverse the decision of the Authority.

(4) The decision of the Minister shall be final.
PART II—MAINTAINED PRIMARY SCHOOLS

§ 3. (1) A grant-in-aid equal to the recognized expenses of a primary school may be made subject to the provisions of these regulations.

9. (1) The recognized expenses of a primary school to be taken into account for the purposes of the assessment of a grant-in-aid shall be:

If the proprietor fails to comply with such directions within a reasonable time the recognized expenses of the school shall be reduced by such amount as the Minister shall order and adjustment made to the grant-in-aid either in the year of assessment or in any subsequent year.

10. The number of teachers and other staff approved by the Authority shall be in accordance with Table IV: Provided that if because of sickness or for any other unavoidable reason the school is not able to provide a teacher for each approved class, the Authority may approve a grant-in-aid in respect of such temporary additional staff for such period as the Authority may decide.

11. (1) Upon the production of a medical certificate signed by a registered medical practitioner, a teacher who has given at least one month's notice of her intention to apply for maternity leave may be granted such leave on full pay for a period not exceeding six weeks before and six weeks after the birth if the manager recommends such leave and the Authority gives its approval in writing.

(2) Where such maternity leave is approved by the Authority the manager may employ a substitute teacher during the period of such leave, and grants may be made both in respect of the salary of the teacher on maternity leave and the substitute teacher.

(2) Such grant shall not be expended for any purpose other than for the purchase, repair or maintenance of furniture and equipment without the approval of the Authority.

13. There may be made a grant-in-aid of conservancy expenses which shall consist of such expenses as the Authority, subject to the general directions of the Minister, shall approve.

14. (1) A grant-in-aid of the maintenance and repair of primary school premises may be made subject to the following conditions—

(a) no grant has been claimed in respect of rent in accordance with paragraph (2),

(b) the amount of grant shall not exceed £5 per classroom.

(2) A grant-in-aid of the amount paid as rent of buildings and land by the manager or proprietor of an assisted primary school may be made if—

(a) in the opinion of the Authority such is necessary in order to secure accommodation for the school,

(b) the owner or owners of the land or buildings are not connected with the school as proprietors, trustees or managers.

(3) The amount of grant-in-aid for the purpose of paragraph (2) shall be the amount deemed reasonable by the Authority subject to the Minister's directions.

15. (1) The Minister may order that the pupils of any class in an assisted primary school shall be provided by the manager of such school with such books, stationery or other materials as he shall specify.

(2) Where the Minister makes such an order, the Authority shall make a grant-in-aid of an amount that in its opinion will enable the manager to comply with the order, or shall cause the manager to be supplied with such books, stationery or other materials as may be specified in the order or part thereof.

(3) The headmaster subject to the direction of the manager shall be responsible for ensuring that books, stationery of other materials are kept in good condition and are properly used.

16. 17. (1) Grants-in-aid shall be provisionally assessed by the Authority in advance of the year of assessment, and such assessment shall provide for a fixed quarterly payment.
(2) After the end of the year of assessment the grant in respect of the year of assessment shall be calculated by the Authority on the basis of actual approved expenditure and any over-payment or under-payment shall be corrected by adjustment of the grant paid in respect of the succeeding year.

(3) The Authority may if it considers it necessary vary the period or amount of grant payable on the basis of the provisional assessment.

18. The payment of grant-in-aid and local contribution shall be made to the manager of the school unless the proprietor by notice in writing to the Authority requires otherwise.

(2) Such estimates shall not include any items which are items of capital expenditure but may include provision for a reserve fund for any future planned development which is approved by the Minister.

(3) Such net expenditure shall consist of the total estimated expenditure of the school approved in accordance with paragraph (1) less the estimated income to be received from fees approved for this purpose by the Authority subject to the directions of the Minister.

(4) Such grants shall be adjusted on the basis of actual net expenditure approved by the Board of Governors or other managing body and the Authority subject to the direction of the Minister, when the accounts for the year of assessment are closed.

22. There may be made a grant-in-aid of a modern school, which shall consist of the recognised expenses of the school less the income from such fees as may be approved for the purpose by the Authority, subject to the direction of the Minister.

23. The recognised expenses of a modern school shall be those which would be taken into account in accordance with regulation 9 together with an amount for the provision and maintenance of such additional equipment and furniture as the Minister may approve in respect of special courses and subjects.

(2) Such grants shall be of such amounts and made under such conditions as the Minister may, from time to time, determine.
