EXPORT OF NIGERIAN PRODUCE ORDINANCE, 1958
(No. 36 of 1958)

Export of Nigerian Produce (Prescribed Grades and Standards) (Amendment) Regulations, 1960

Commencement: 27th October, 1960

In exercise of the powers conferred by sections 3 (a) and 8 (d) of the Export of Nigerian Produce Ordinance, 1958, the Federal Minister of Commerce and Industry, after consulting with and obtaining the advice of the Nigerian Produce Marketing Company Limited, the Produce Inspection Board and the Regional Marketing Boards, has made the following regulations—

1. These regulations may be cited as the Export of Nigerian Produce (Prescribed Grades and Standards) (Amendment) Regulations, 1960, and shall be of Federal application.

2. Regulation 2 of the Export of Nigerian Produce (Prescribed Grades and Standards) Regulations, 1959, is amended by the deletion from the paragraph relating to groundnuts of the words “and containing not less than 70 per cent by weight of whole nuts” and the substitution therefor of the following—

“and, at the time of original testing and sealing by an officer of the Produce Inspection Service, containing not less than 70 per cent by weight of whole nuts”.

MADE at Lagos the 19th day of October, 1960.

Z. B. DIPCHARIMA,
Federal Minister of Commerce and Industry

EXPLANATORY NOTE

For groundnuts to be of “exportable quality” they must contain at least 70 per cent by weight of whole nuts. Although this 70 per cent content of whole nuts may exist at the time of testing and sealing, the percentage of whole nuts may subsequently be reduced by damage during transport to the port. These regulations therefore provide that groundnuts shall be of “exportable quality” if they contain that percentage of whole nuts at the time of original testing and sealing.
