The Center for Research Libraries scans to provide digital delivery of its holdings. In some cases problems with the quality of the original document or microfilm reproduction may result in a lower quality scan, but it will be legible. In some cases pages may be damaged or missing. Files include OCR (machine searchable text) when the quality of the scan and the language or format of the text allows.

If preferred, you may request a loan by contacting Center for Research Libraries through your Interlibrary Loan Office.

In exercise of the powers conferred by section 41 of the Ports Act and of all other powers enabling it in that behalf, the Nigerian Ports Authority hereby makes the following regulations—

1. These regulations may be cited as the Ports (Carbide of Calcium) Regulations, 1963, and shall apply to all ports.

2. In these regulations unless the context otherwise requires:

- "Authority" means the Nigerian Ports Authority established under the provisions of the Ports Act (Cap. 155) hereinafter referred to as the "Act";
- "Carbide of Calcium" means a substance formed by the fusion of coke or anthracite with lime.
- "Dock Superintendent" means a dock superintendent duly appointed by the Authority for the port and shall include any person authorised by the Authority to assist him;
- "Handling" includes loading, discharging and transporting;
- "Harbour Master" means in relation to any port a harbour master duly appointed for that port under section 40 of the Act and shall include his duly authorised deputies, assistants and such persons authorised by him;
- "Master" in relation to a ship means the master or other persons for the time being in charge of such ship but does not include a pilot;
- "Port" means a port declared under section 6 of the Act to be a port and shall include the approach thereto.
- "Ship" includes any ship, vessel, tug, lighter, canoe or boat of any kind whatsoever propelled by steam or otherwise or towed.

3. The Master of every ship carrying a cargo, any part of which consists of Carbide of Calcium shall, on entering a port immediately give notice of the nature of such cargo to the Harbour Master, and shall place or moor his ship in such place as the Harbour Master may direct; and while any Carbide of Calcium remains on board, shall not remove his ship without the written permission of the Harbour Master.

4. Every ship's hold in which Carbide of Calcium is present, and from which Carbide of Calcium is to be discharged in the port, shall be efficiently ventilated from the time of entering the port until all such Carbide of Calcium has been discharged or until the ship has left the port; and every ship's hold into which Carbide of Calcium is to be loaded shall be similarly efficiently ventilated from the time loading commences until the ship leaves the port.

5. All Carbide of Calcium discharged at a port from any ship shall be removed without delay to some place of storage outside the port. Carbide of Calcium may be stored temporarily in an approved carbide store at a port subject to permission having been obtained from the Dock Superintendent and space being available in the approved store.
6. No Carbide of Calcium shall be brought to the place of loading until the ship into which it is to be loaded is in readiness to receive the same.

7. Carbide of Calcium shall be brought into a port only in hermetically-closed metal containers of such strength and construction or so protected as not to be liable to be broken or to become defective or insecure in conveyance.

8. No containers of Carbide of Calcium shall be opened within the limits of a port except with the written consent of the Harbour Master in such place as he may direct. Only non-ferrous tools may be used in opening containers.

9. Every reasonable precaution shall be taken to prevent the contact of water or moisture with Carbide of Calcium, and where such contact may have occurred, to prevent the gas evolved from being ignited. Handling of Carbide of Calcium shall cease during rain and exposed containers shall be placed under cover.

10. No smoking or naked lights shall be permitted within one hundred feet of where Carbide of Calcium containers are being handled.

11. Every ship having Carbide of Calcium on board shall at all times whilst in a port have on board a competent watchman and a responsible person to carry out and give effect to the provisions of these regulations.

12. The Master of a ship having Carbide of Calcium on board shall when so required by the Harbour Master, or other official authorised by the Authority, afford every reasonable facility to enable such official to ascertain whether these regulations are duly observed.

13. Any person doing anything prohibited by any of these regulations or omitting to do anything required by them to be done or otherwise offending against or omitting a breach against any of these regulations shall be liable for every such offence to a penalty not exceeding fifty pounds and in the case of a continuing offence to a further penalty not exceeding five pounds for each day during which such offence continues.

The Common Seal of the Nigerian Ports Authority was hereunto affixed this 26th day of November, 1962, by order of the said Authority in the presence of:

G. U. OHIKERE,
Chairman

BAYO KEHINDE,
Secretary

EXPLANATORY NOTE

These Regulations prescribe the conditions under which the Nigerian Ports Authority will permit the handling of Carbide of Calcium in its ports.
