(b) seven persons appointed by the Federal Commissioner charged with responsibility for the profession of engineering (hereafter in this Decree referred to as "the Commissioner") of whom at least one shall be employed by the Ministry under his control and the other persons not so employed shall be appointed by the Commissioner from amongst other interests in the field of engineering covered by this Decree which in his opinion are not adequately represented;

(c) six persons to be appointed by the Commissioner to represent the States in rotation for two years at a time, no two of whom shall come from one State;

(d) six persons elected by the Nigeria Society of Engineers in the manner for the time being provided by the constitution of that society;

(3) The provisions of Schedule 1 to this Decree shall have effect with respect to the qualification and tenure of office of members of the council, powers and procedure of the council and the other matters there mentioned.
(4) Regulations may provide for increasing or reducing the membership of the council, and may make such consequential amendments of paragraph 1 of Schedule 1 to this Decree as the Commissioner considers expedient in consequence of the increase or reduction.

2.—(1) The council shall prepare and submit to the Commissioner not later than the 31st day of December of the year in which this subsection comes into force (so however that for that year the Commissioner may if he considers it necessary extend the period) and of each subsequent year an estimate of its expenditure and income during the next succeeding financial year.

(2) The council shall keep proper records in respect of each financial year, and proper records in relation to those accounts, and shall cause its accounts to be audited as soon as may be after the end of the financial year to which the accounts relate by a firm of auditors approved as respects that year by the Commissioner.

3.—(1) The Commissioner may give to the council directions of a general character or relating generally to particular matters (but not to any individual person or case) with regard to the exercise by the council of its functions and it shall be the duty of the council to comply with the directions.

(2) Before giving a direction under the foregoing subsection, the Commissioner shall serve a copy of the proposed direction on the council and shall afford the council an opportunity of making representations to him with respect to the direction; and after considering any representations made to him in pursuance of this subsection, the Commissioner may give the direction either without modification, or with such modifications as appear to him to be appropriate having regard to the representations.

(3) The register of engineers (hereafter in this Decree referred to as "the register") shall consist of two parts of which one shall be in respect of fully registered persons and the other in respect of provisionally registered persons.

(4) Subject to the following provisions of this section, the council shall make rules with respect to the form and keeping of the register and the making of entries therein, and in particular—
